Four Seasons Lanai presents new bath amenity line

Four Seasons Resort Lanai at Manele Bay has launched Aina (“land that nourishes”), a new in-room bath amenity line that features kukui oil from locally sourced kukui nuts. Kukui oil is known for its use in protecting the skin from elements such as sun, salt and wind. The nuts are gathered from Alberta’s Farm, just 20 minutes from the resort.

The Aina line — which includes shampoo, conditioner, body wash, moisturizer, after-sun lotion and more — will be available in-room and at The Spa at Manele Bay for purchase. The spa will also feature 50-minute manicures and pedicures that showcase bath salts, sugar scrubs and body butter from the exclusive line.
